THE NOREMAC-CARTWRIGHT RACE,

Some Exciting Games Among the Association Teams.

GENERAL SPORTING NEWS OF THE DAY

The home aggregation of ball players had just about as much to do as they could yesterday to defeat the Stars from Syracuse. Considering that the Stars shine as minor lights they are not easy victims. To come down to real every day facts they are what ordinarily speaking would be called a tough lot of men to tackie. They undoubtedly appear to be the best lot of minor league players who have been here for a long time. But corpulent Jack Chapman always has good people about him.

Yesterday's weather was just what baseball cranks and enthusiasts would desire. ball cranks and enthusiasts would desire.

It was warm enough to be pleasant in well for Louisville, but the visitors were in the open air, and as a result nearly 2,000 people were present. There was more enthusiasm displayed than at many a championship game. Before the game had proceeded far partisan feeling began to run very high, not only among the spectators but among the players. When the visitors were the first to score matters became more lively than ever. It really looked as if the home representatives were going to be wal-

Murphy, a gentleman of the Tony Mullane type, was in the box for the luminaries. He was slick enough to keep everybody guessing, but his style of delivery was apparently so illegal that kicking commenced in the early part of the game and was kept up until the close.

MURPHY'S ILLEGAL TRICK. Murphy was seldom facing the batter

when he commenced his delivery, and in addition to this his foremost foot was almost always out of the box when he delivered the ball. Only once was an illegal pitch called, and this fact caused general dissatisfaction. Umpire O'Brien ought certainly to have taken Murphy to task oftener than once. Mr. Murphy, however, is evidently not traveling to take any the worst of anything. He is not of that class of people, and he demonstrated this fact yesterday. He is a good pitcher; he has one or two very puzzling curves, but at colored lawyer from Steubenville. Walker showed up well, and when he appeared at but for the first time he was presented with a handsome gold-headed cane by his Steubenville friends.

The general play of the Stars was tolerably good. Connors made a remarkable running catch of a fly in the third inning, and was loudly cheered. The visitors however. did not feel quite at home in front of Staley. He was somewhat wild in his pitching, but he had great speed. Fields was his receiver, but did not show up in his usual style. Little "Jocko" did not seem to be so chip-per and lively as he ordinarily is.

DELIABLE MAN NEEDS It seems always safest to have the most reliable catcher looking out for Staley At critical times yesterday Fields allowed three balls to pass that were very costly. In the eighth inning McLaughlin was struck violently on the forehead by a pitched ball. The blow resounded through the park. McLaughlin displayed wonder-

ful pluck, however, and stuck to his work. The visitors were first to score, and they an the run getting in the third inning. Walker led off, and after being presented with a cane knocked an easy grounder into Staley's hands, and was retired at Wright, the; big slugger of the Stars, came next and went to first on called balls. He reached second on a scratch hit to the infield by Childs. A sed ball advanced both men a base and Ely's long fly sent Wright across the plate and Childs to third. Connors loomed up and cracked out a single to left, which brought Childs home. The next run of the Stars was made in the seventh. Murphy made a splendid double to deep left field, and reached third on a passed ball; a second passed ball brought him home.

The home players made a tally fifth. Kuehne reached first on a fumble by McLaughlin, and got to third on Staley's lively single to right field. "Little Willie" scored on a neat sacrifice by Sunday. In the sixth inning, after Beckley had knocked a fly into Childs' hands, Smith cracked out a single to right. A muffed throw by Childs allowed Coleman to reach first, and a long single by Maul brought "Pop" home. "Little Willie's" "drisocker" came in handy just at this stage. Willie banged the ball far into middle field, Coleman and Maul easily scoring. A single by Knehne. a stolen base, an out and an error brought in the last run. Following is the score:

ROWE AND WHITE.

Rumors That They Will Likely be Here Next Week.

Efforts to sign Rowe and White for Pittsburg have not been abandoned by any means. Last evening a gentleman well informed about the local club affairs stated that a deal by which the two players will be secured is now in progress. Rowe and White want part of their purchase money to the extent of \$1,500 each. Detroit has offered them \$1,000 each and matters are standing at the difference named.

It is understood, however, by people in a position to know, that the difficulties will be surmounted and that the players will be here. The officials of the local club are not inclined

o make any definite statement on the question To-Day's Home Game.

There will be another game this atternoon between the Pittsburgs and the Syracuse Stars. The old Allegheny battery, Bishop and Briggs, will officiate for the Stara, and Maul and Miller will represent the home players. Manager Phillips stated last evening that Galvin and Miller will be the home battery against Chicago on Wednesday.

A Baseball Victory. ALBANY, N. Y., April 19.-The Legislature to day passed a bill which will postpone the

cutting of streets through the Polo grounds in New York for another year. This bill has been advocated by the lovers of baseball and op-posed by the owners of property in the vicinity of the Pole grounds, and the result is a victory for the lovers of the national game.

DOWNED AGAIN.

The Browns Trim Up the Reds the Third Time. CINCINNATI, April 19.—The Cincinnatis went down again before the St. Louis Browns in a hotly contested game. The champions won the game by their timely batting. The fielding of Latham and the catching of Baidwin were the features. Attendance, 3,200.

Ward. ISPECIAL TELEGRAM TO THE DISPATCH.1 Boston, April 19.-There is a rumor about sheer profile of the English cutter Valkrie, taken on the spot by an artist specially engaged by the Herald. The dimensions are given as follows: Length over all. 85 feet; length on load water line, intended for 70 feet; beam, 18.3 feet, draught, 18.6 feet. Commenting on the subject, the Herald says: "By the sketch it will be seen that the lead is well stretched and that the heel of the rudder post sets on the lead. Watson, judged by the sketch, has given the Valkrie more forefoot than the Thistle, and less rake to the sternpost and not much rocker to the keel. She will have light quarters and an overhanging bow. The Valkrie is of composite build, wooden skin and steel frames, and oak keel, with lead ballast attached." town to the effect that the Boston directors would consent to exchange their trick clown. for John M. Ward. An intimate friend and confident of one of the directors told THE DIS-PATCH correspondent that this director, through whose efforts Kelly had secured the captaincy, had already become disgusted with the player's work and was trying to secure an exchange of Kelly for Ward. President Soden said that he had had no information in regard to such a deal. If the other directors had any such scheme on foot they had not confided in him. Mr. Soden did not believe there was any

THE BLOOD MONARCH

Blood Bitters of blood diseases that have been ineffectually treated for years by other remedies, the wonderful influence of B. B. B. in every form of blood disorders-from quickly removing annoying and irritating pimples and blotches to permanently curing scrofulous sores and ulcers of long standing-its unparalleled and unbroken record in removing all effects of bad blood, is explained by its being a medicine containing purifying and curative properties which are unknown to and do not exist in any other preparation in the world. A medicine purely vegetable, carefully prepared, containing within itself a combination of vegetable remedial agents that search out every particle of blood

The many remarkable cures by Burdock 10-YEAR SUFFERERS For about ten years I was troubled with dis-ordered stomach and liver; what I eat would not digest. After awhile I was reduced so low that I could not get around to attend to my household duties. Of course, I doctored considerable and tried a great many things, sometimes receiving a little relief, but never any permanent benefit. Finally a B. B. B. almanac fell into my bands, and I sent to our druggist, Hammer Bros., Westboro, and procured two bottles of B. B. B., and commenced taking it right away, and in less than a week I felt a great deal better, and by the time the last bottle was gone I could eat almost anything with omfort. I heartily rece any suffering as I did .- Mrs. C. Conklin, West-

boro, Clinton Co., O.

Though so powerful as to act on and cure the most stubborn blood and digestive diseases, no ill effects ever follow the use of B. B., even with those of weak constitutions. Truly, it is the monarch of all remedies for the blood, pov-erty and impurity of which cause that tired, weary feeling, rashes and skin eruptions, erysipelas, scrofula and many other diseases.

sipelas, and have taken doctor's medicine and patent medicine of most all kinds, but none seemed to do me any good. I finally made up my mind to try Burdock Blood Bitters, and have used four bottles, and think myself entirely cured. I recommend B. B. B.—Mrs.
